

Sure

NEW Impulse

Timotei

Hello,

Over the last few years, Unilever have been developing their award winning apprenticeships and opening up more and more roles for apprentices to come and start their career with us! We've also created a Unilever Apprentice Outreach Team to work with schools and colleges (like yourselves) to help us spread the word!

Now, Unilever would like to invite you and your students to attend our Apprenticeship Open Day on February 3rd from 3pm – 7pm at our UK and Ireland headquarters in Leatherhead. We will shortly be opening for our September 2017 intake, so this is the perfect opportunity for students, parents and teachers to come along and get a better understanding of what an apprenticeship at Unilever means.

We will have stalls hosted by some of our current and graduated apprentices answering questions about what their courses, their experiences and their roles they play in their team. We will also be holding short bite-sized talks to provide more information about the apprenticeships we offer and how to apply.

We have three main streams of apprenticeships and we will be highlighting them all on the day:

Enclosed you will find a poster that you can display for students. Which includes details of how to sign up. There will be a shuttle bus to and from the Leatherhead train station. Onsite parking is limited but can be requested in advance if required.

Interested? Simply sign up by visiting <https://goo.gl/forms/X6SgzvZXVpOZup0R2> and we look forward to welcoming you to Leatherhead! We recommend you don't leave it too late to sign up as we may close for registrations if we reach our capacity. If you have any questions or would like more details, please email our Apprenticeship Team: helloUKapprenticeships@unilever.com

Best regards,

The Unilever Apprentice Outreach Team
