

## Parental consent for the handling of animals in school

We have a number of animals in school that are used as part of our life skills programme to teach students about care and responsibility. Animals also help to reduce anxiety in students.

Please tick below to give your daughter permission to work with, handle and care for the following animals:

- Dogs                       Chickens                       Goats
- Sheep                       Alpacas

Does your daughter have any allergies to the above animals? YES/NO

If YES please give details (animal/symptoms/treatment).

.....

.....

.....

Date of your child’s last tetanus injection .....

Students will be supervised at all times and expected to follow instructions from staff. Whilst every care is taken to prevent accidents, animals are unpredictable and injuries such as scratches or bites may occur.

Daughter’s name.....

Signed..... Parent/Carer    Date.....
