Residential Statement of Principles and Practice

At Limpsfield Grange we believe that “together we make a difference.”

We provide:

- A child centred approach through bespoke programs based on meeting individual needs and maximising potential
- A full and rich 24 hour curriculum that supports school learning and encourages personal development
- Opportunities to develop real world knowledge and skills for life
- A range of experiences and activities that develop self-worth, independence, responsibility and communication skills
- Opportunities for young people to participate in the wider community
- Working partnerships with families and other professionals to ensure an integrated holistic approach to each young person
- A nurturing environment where individuality is respected
- Preparation for the next phase of life and transition
- Small unique setting with a qualified, experienced team who are dedicated to understanding and meeting the complex needs of each young person
- A safe supportive atmosphere where consistency and boundaries help to enable young people to make appropriate choices
- An environment where differences are respected and diversity is celebrated

We aim for the young people at Limpsfield Grange to be:

- Happy
- Safe
- Aware of their own personal development
- Responsible for their actions and learning
- Empowered to actively participate in society to the best of their ability
- Confident, have self-esteem and self-worth
- Equipped with skills for independence and everyday life
- Prepared for, ambitious and positive about their future
- Aware of their own needs and how to access appropriate support in a variety of settings
- Equipped with the skills for building and sustaining successful relationships
