

Newsletter May2021

Dear Parents and Carers

We have had a busy half term here at Limpfield Grange. Our Year 11 students have been amazing, working so hard to complete assessments so that we could submit their Centre Assessed Grades for the GCSE courses. As you are all aware, this year's GCSE examinations have been cancelled and have been replaced by grades recommended by schools. This has created a huge amount of work for staff and student alike. I would like to thank the students and staff for working so incredibly hard to make this happen, as it has been quite challenging at times.

Over recent weeks we have welcomed professionals from the wider community to come and talk to our KS4 students about careers. People from PIXAR, Crossrail, Microsoft, software application companies and an apprenticeship trust have shared their experiences of working in their chosen field and given students top tips about how to be successful, as part of the Independence strand of our WACI curriculum. When we return after half term I very much hope that we can start visiting our local community and beyond so that students can develop and practice their independence skills in the real world.

As we learn to live with the COVID19 virus we are constantly reviewing our procedures to make sure that Limpfield Grange is a safe environment. I will continue to monitor our COVID arrangements in school, which I hope will lessen as restrictions are lifted. I would ask that your daughter continues to take a Lateral Flow Test during the half term break, on Sunday and Wednesday, and that any positive results are reported to Miss Phillips by 6pm on the day that the test was taken. This will help us track incidence of the virus in our community.

We are looking forward to seeing the girls back in school on Monday 7th June 2021 for the final stretch of this academic year. I hope that you all have a relaxing and restful half term break.

Best wishes

Sarah Wild
Headteacher
