

Fundraising update January 2021

Christmas Hamper Raffle

We are pleased to report this was a great success and we managed to raise £1728 which will go towards creating an outdoor seating area for students. Work on this will start during February half term with a new patio being laid to the back of the school.

Chalet flower beds

A group of volunteers, led by fundraising Lead Kerry Monroe, spent several weekends replanting the flower beds outside the chalets with donated plants.

Combe Bank Trust

We have been very fortunate that the Combe Bank Trust have agreed to support us this year and have agreed to fund the following projects:

- creation of an outdoor seating area for students.
- replacement computers monitors to ensure that every computer has an up-to-date monitor.
- refurbishment of the residential bungalow to create a large multi-space classroom.
- part funding of the installation of a bike path and sensory trail in the school grounds.

We are exploring possible fundraising opportunities to raise the additional funds required to install the bike path and sensory trail.

Summer Fair

We have set a provisional date of Saturday 10th July for the summer fair, this will be dependent upon Government advice at the time.

Limpsfield Golf Club

Limpsfield Golf Club have been very supportive of the school and have secured funding to enable a group of staff and students to have after school golf lessons with a professional, this will be arranged when restrictions have been lifted.
